OBJECTIVE

A motivated Food Technology graduate seeking an entry-level position to apply my knowledge of food safety, quality control, and processing. Eager to learn and contribute to creating safe and high-quality food products.

PROJECT-WORK

Preparation of Biodegradable and edible film from Tomato Pure

- Developed biodegradable films using tomato puree for eco-friendly packaging, evaluating their mechanical strength, transparency, and moisture retention. Findings indicate suitability for short-term packaging, addressing plastic waste concerns.

ACHIEVEMENTS

- Completed Food Industry Entrepreneurship Development Program.
- Completed Plant-Based Diets by National Academy of Sports Medicine .
- Completed the training Of New Food Product Development .
- Completed the training of Google Ads for Beginners .
- Completed Food Sensory Evaluation course.
